

## Home Learning WEEK 9 and 10

### Year 6

#### Maths Tasks (Aim to do 1 per day)

- Continue to log onto iXL regularly
- Choose and complete a double page from the Achieve 100 booklet
- Have fun playing Top Marks Maths games

#### Reading Tasks (Aim to do 1 per day)

- Read at least a chapter of a book every day.
- Complete one 10-minute test from KS2 SATs English – Reading booklet.

#### Grammar, Punctuation and Spelling Tasks (Aim to do 1 per day)

- Continue to log on to iXL regularly
- Choose and complete a double page from Achieve 100 booklet
- Practise the Year 5/ 6 Common Exception Words
- Choose 5 Common Exception words. Can you write a synonym, antonym, the meaning and an example of how to use the word in a sentence for each one?

#### Writing Tasks (Aim to do 1 per day)

- Summarise the chapter you read today.
- When you complete a book, write a book review.
- As a country, we have just celebrated (albeit in isolation) VE Day. Choose a genre of writing and write about VE Day. Some ideas to choose from: write a recount of how you celebrated 75 years since Victory in Europe; write a diary entry as someone who celebrated on 8<sup>th</sup> May 1945; write an information text all about it. Some research may be needed to complete this task.

### Creative tasks - to be done throughout the week

- **Acts of kindness** – Think of an act of kindness you can complete which will support your family and make them smile. Maybe tidying your room, helping with the gardening, offering to help make a meal.
- **Let's create** – Think of your favourite animal and create a piece of art work to represent it. You could draw, paint, make a collage or even make a model of it. You might find a drawing tutorial online or you might choose to focus on particular patterns or colours that relate to that animal.
- **Time to talk** – Why not take this time to get to know your family a bit better? You could create a quiz and ask about favourite foods, colours, places, memories, hobbies etc. You could even call or video call other relatives and find out about them too!
- **Keep moving** - You could have a go at creating your own fitness work out with different activities. Or you could create an obstacle course for your family. Don't forget you can log onto iMoves [www.theimovement.com](http://www.theimovement.com) How many family members can you get involved? Don't forget to join Joe Wicks every morning at 9am.

### Additional learning resources

**Classroom Secrets Learning Packs** - These packs are split into different year groups and include activities linked to reading, writing, maths and practical ideas you can do around the home.

**Twinkl** - to access these resources click on the link and sign up using your own email address and creating your own password. Use the offer code UKTWINKLHELPS.

**Headteacherchat** - This is a blog that has links to various learning platforms. Lots of these are free to access.

[www.whiterosemaths.com](http://www.whiterosemaths.com) – This is an online maths resource that links to our school's maths curriculum.
